IEHP would like to notify you that Express Lens Lab is closed as of March 20, 2020 and unable to receive or fulfill orders to manufacture vision materials at this time. IEHP will notify you when Express resumes their normal operations. We have confirmed that the Prison Industry Authority (PIA) is still fulfilling orders as is Javier Armijo – Unique Optical lab for vision materials that cannot be produced by PIA.

As you are aware, the California Optometric Association, following the guidance of the CDC, is strongly recommending the postponement of all routine eye care appointments. Optometric services should be limited to ocular emergencies only. With this in mind, IEHP’s expectation is that optometrists will follow the CDC guidance to reduce the risk to the community of the spread of COVID-19.
