Subject: **Home Health Provider Billing for Telehealth Services**

Inland Empire Health Plan (IEHP) is encouraging the use of telehealth due to concerns regarding COVID-19 and to reduce potential spread of the virus.

Providers have been advised to bill with POS 02 when reporting telehealth services. **This billing practice DOES NOT apply to Home Health Providers.**

Home Health Provider should continue to bill with POS 12 (Member Home).

Home Health Providers should **use modifier 95 to identify telehealth services**. In the event a Home Health Provider contract requires the use of a modifier, modifier 95 should be reported as a secondary modifier.

As a reminder, all communications sent by IEHP can also be found on our Provider portal at: www.iehp.org > For Providers > Plan Updates > Correspondence.
