Subject: **Webinar: Delivering Dementia Capable Care within Health Plans: Why and How?**

Resources for Integrated Care will be hosting a webinar training opportunity regarding “Delivering Dementia Capable Care within Health Plans: Why and How?” The webinar will provide an overview of how organizations improved care while controlling costs for enrollees with dementia.

By the end of this webinar, participants should be able to:

1. Recognize how cognitive impairment and dementia affect the well-being of older adults and family caregivers.
2. Identify opportunities to reduce the high health care and societal costs of dementia.
3. Describe key features of dementia capable health systems and quality dementia care coordination.
4. Identify key approaches for health plan collaboration with patients, family caregivers, and community organizations.

Continuing Medical Education (CME) and Continuing Education (CE) credit will be available at no cost to webinar attendees.
